*She locked the sound in*

CHIK

Hey!

What are you taking a picture of?

!

That's a strange reason...

I often hear noises that I don't expect.

For the sound!

Uhfufu...

Over there...

For example, there...

And over that way, too.

Or here...

When a noise piques my interest, I take a photograph of it.

Really?

Fufu...

I doubt just **anyone** could think to do something like that.

Well, it just so happens I'm **not** just **anyone**.

Ah...

Still, it's a little peculiar...

...It makes such a curious noise.

Something is happening here, when shoes and the ground touch...

Oi!

Be careful...

Don't go too far!

Your boots make a very strong and imposing sound.

くるり

...They also recommend you don't stray too far. It's danger-ous!

さわ さわ さわ

My boots are honoured to be admired, however...

I simply can't help it around here, you see...

Hm-hm~

...This is where a particularly **exciting** sound hangs its hat.

Got to admit, I do think of myself as having a better voice than people on the radio or television.

Hey, **you're** one to talk!

Hmph!

But you're a little too chatty for that kind of thing, aren't you?

You want to take pictures of sound, too?

You could say that, yes.

I'll trade it for the bread.

Hand me your camera.

Wow!

What a delicious smell!

We'll see about that once we get the picture.
